RumeshKumara | +94 767 239 377 | Embilipitiya, Sri Lanka

ABOUT ME

Motivated and adaptable aspiring Software Engineer seeking an internship to deepen expertise in emerging technologies and contribute to real-world projects. Currently pursuing a Bachelor of Software Engineering at the **Faculty of Computing**, Sabaragamuwa University of Sri Lanka, and in the 3rd year of studies. Experienced in building scalable applications using **React** with **Next.js**, **React Native**, UI/UX design with **Figma**, and Spring Boot, with knowledge of deploying applications on AWS for performance and reliability.

PROJECTS

▶ InterviewGenie – AI-Powered Mock Interview Web Application — *Uni Project*

Built an AI-powered mock interview web app providing personalized questions, real-time responses, and instant AI feedback for interview preparation.

- Technologies: **Next.js, Node.js, Express.js, PostgreSQL, Drizzle ORM, Clerk authentication, and Google Gemini AI**
- Wireframe : Click Link
- GitHub : Click Link

▶ CodeFlow AI – AI-Powered VS Code Extension — *Uni Project*

Developed an AI-powered web app that helps job seekers prepare for interviews with personalized mock questions, real-time audio/video responses, and instant feedback using NLP and machine learning.

- Technologies: **Next.js, Node.js, Express.js, PostgreSQL, Drizzle ORM, Clerk**
- Figma : Click Link
- GitHub : Click Link

▶ CodeFlow AI – AI-Powered VS Code Extension — *Completed*

Developed an AI-powered web app that helps job seekers prepare for interviews with personalized mock questions, real-time audio/video responses, and instant feedback using NLP and machine learning.

UI/UX DESIGN PROJECTS

- ▶ Modern Salon Appointment Booking Web UI — Figma link
- ▶ Movie Ticket Booking Web UI — Figma link
- ▶ Food Delivery Mobile App UI — Figma link
- ▶ Banking Dashboard Web UI — Figma link
- ▶ E-Commerce Mobile App UI Design — Figma link

EDUCATION

Advanced Level (A/L) Examination (2021) — *Mathematics Stream*

- Combined Mathematics - A
- Chemistry - B
- Physics - C

Sabaragamuwa University of Sri Lanka — *Bachelor of Software Engineering*

- Faculty of Computing, 3rd Year (Currently studying)

KEY SKILLS

- **Languages** — Java, HTML, CSS, JavaScript, TypeScript,
- **Frameworks & Libraries** — React, Next.Js, React Native, Node, Express, Tailwind CSS, Spring boot, Socket.io,
- **Database** — MySQL, PostgreSQL, MongoDB
- **Other** — MUI , Git/GitHub , AWS , jQuery , JWT , hibernate
