RumeshKumara | +94 767 239 377 | Embilipitiya, Sri Lanka

ABOUT ME

Motivated and adaptable aspiring Software Engineer seeking an internship to deepen expertise in emerging technologies and contribute to real-world projects. Currently pursuing a Bachelor of Software Engineering at the **Faculty of Computing**, Sabaragamuwa University of Sri Lanka, and in the 3rd year of studies. Experienced in building scalable applications using **React** with **Next.js**, **React Native**, UI/UX design with **Figma**, and Spring Boot, with knowledge of deploying applications on AWS for performance and reliability.

PROJECTS

▶ InterviewGenie – AI-Powered Mock Interview Web Application — *Uni Project*

Built an AI-powered mock interview web app providing personalized questions, real-time responses, and instant AI feedback for interview preparation.

- **Technologies:** Next.js, Node.js, Express.js, PostgreSQL, Drizzle ORM, Clerk authentication, and Google Gemini AI
- Live Demo - www.interviewgenie.ai
- **Wireframe :** Click Link
- **GitHub :** Click Link

▶ CodeFlow AI – AI-Powered VS Code Extension — *Uni Project*

Designing and developing an AI-powered Visual Studio Code extension that analyzes coding habits to boost developer productivity and well-being.

- **Technologies:** TypeScript, VS Code API, Chart.js, and lightweight AI frameworks
- Live Demo - You can search "*CodeFlow AI*" in VS Code extention
- **GitHub :** Click Link

▶ CodeFlow AI – AI-Powered VS Code Extension — *Completed*

Briefly AI is a lightweight Chrome extension that enables one-click summarization of web pages using Google's Gemini AI.

- **Technologies:** HTML5, CSS3, Vanilla JavaScript, Google Gemini API
- Live Demo - Briefly AI
- **Figma :** Click Link
- **GitHub :** Click Link

▶ DevKeys — An AI-powered developer shortcuts and commands hub — *Completed*

DevKeys is a modern web application that centralizes developer shortcuts, commands, and references in one place.

- **Technologies:** Next.js, Tailwind CSS, Gemini API, Firebase, Firebase Firestore, Vercel
- Live Demo - www.devkeys.dev
- **Figma :** Click Link
- **GitHub :** Click Link

UI/UX DESIGN PROJECTS

- ▶ Modern Salon Appointment Booking Web UI *Completed* — Figma link
- ▶ Commercial Construction Website UI *Completed* — Figma link
- ▶ OTP Verification UI Design *Completed* — Figma link
- ▶ TravelMate – Mobile Travel Companion App *In Progress* — Figma link
- ▶ TravelMate – Mobile Travel Companion App *In Progress* — Figma link

EDUCATION

Advanced Level (A/L) Examination (2021) — *Mathematics Stream*

- Combined Mathematics - A
- Chemistry - B
- Physics - C

Sabaragamuwa University of Sri Lanka — *Bachelor of Software Engineering*

- Faculty of Computing, 3rd Year (Currently studying)

KEY SKILLS

- **Languages** — Java, HTML, CSS, JavaScript, TypeScript,
- **Frameworks & Libraries** — React, Next.Js, React Native, Node, Express, Tailwind CSS, Spring boot, Socket.io,
- **Database** — MySQL, PostgreSQL, MongoDB
- **Other** — MUI , Git/GitHub , AWS , jQuery , JWT , hibernate

SOFT SKILLS

Collaboration & Teamwork, Attention to details, Problem solving & Critical thinking, Adaptability & Quick learning, Creativity & Innovation, Effective communication
